Expanded functionality on the HandyStep® touch S:

The clearly structured menus make fast work with intuitive operation possible, while the most important functions and parameters are always in view.

### Easy to understand

Main menu with all modes for quick selection

### Clearly structured

Working mode with all important information

### Organized

All options visible at a glance

### Helpful

Internal help right where it is needed

## The perfect team

### Automatic size detection with PD-Tip™ // from BRAND®

The HandyStep® touch saves time and prevents errors through automatic tip size recognition of the PD-Tip™ // from BRAND®, with patented coding on the pistons. After inserting the tip, the size is automatically recognized and displayed, making it easy to select the volume to be dispensed. When a new PD-Tip™ // of the same size is inserted, all instrument settings are maintained.

Multi dispensing with the HandyStep® touch and PD-Tip™ //

Sequential dispensing with the HandyStep® touch S and PD-Tip™ //
